Village Dahlia Gardens
SAYLESVILLE, RHODE ISLAND.

CROSSING THE BAR

Alfred, Lord Tennyson

Sunset and evening star,

And one clear call for me!

And may there be no moaning of the bar,

When I put out to sea.

But such a tide as moving seems asleep,

Too full for sound and foam,

When that which drew from out the boundless deep

Turns home again.

Twilight and evening bell,

And after that the dark!

And may there be no sadness of farewell.

When I embark.

For tho' from out our bourne of Time and Place

The flood may bear me far,

I hope to see my Pilot face to face

When I have crossed the bar.

GREETINGS

To our customers and to every human being who takes pleasure in planting:

Again we present our garden roll with the addition of a new family. A small but select company of gladioli now graces our gardens and we present them for your approval.

Our first dahlia tubers were presented to us by a flower-loving minister friend. They were grown in our village back yard. Aside from giving us much pleasure they supplied many beautiful bouquets for our village neighbors. Each year as our stock of tubers increased they were gladly contributed to the growing stock of friends and neighbors.

All gardens have their limits of capacity; so had theirs. But the stock of tubers kept on increasing. So we conceived the idea of listing our stock for the market. We have enjoyed the work and feel that we have made many garden friends.

We believe that a satisfied customer is our best advertisement and we aim to do our best to please. We express to you our deepest appreciation of your patronage—both past and future.

We thank you!

HINTS ON ORDERING

ORDER EARLY to prevent disappointment. The stock of varieties is often limited and the cheaper varieties are in great demand.

SUBSTITUTION—No changes or substitutions are made in any order unless requested to do so.

PRICES quoted are for field grown divided tubers.

FORWARDING—Tubers shipped at planting time unless otherwise requested.

TERMS—Cash with order or in advance of shipment.

All retail orders delivered postpaid.

GUARANTEE—We guarantee all tubers to be true to name. All prices and quotations are subject to stock being unsold.

CULTURE—Planting and growing instructions will be enclosed with each order.

ADDRESS—Write name and address plainly, give street number or P. O. Box.

HINTS ON DAHLIA CULTURE

Dahlias will do well in almost any soil, but do best in a light or sandy loam. The ground should be well prepared by deep digging and mixed with a liberal quantity of well rotted manure and bone meal. Some growers only place the manure at the place where each tuber is planted.

Dig the hole deep enough so that the tuber will be six inches below the surface of the ground when covered. Place the tuber flat—not on end. Cover with light layer of loam. On top of this throw a light handful or so of fertilizer mixed with soil. Take care that the fertilizer does not come in contact with the tuber. The soil should be gradually filled in around the growing plant until the hole is filled. During mid-summer another handful of fertilizer might be hoed in around the base of the plant.

Cultivate often until the buds appear, then stop. Dahlias require much moisture but must also be well drained. Tubers should be planted about four feet apart and stake should be set when tuber is planted.

This list cancels all previous prices.

DAHLIAS

GENERAL LIST ALPHABETICALLY ARRANGED

OUR OWN INTRODUCTIONS

DR. HUEY (Decorative) \$1.50

This is a large decorative similar to Judge Marean. Center deep and full. Color, bronze shading to salmon.

E. M. CLARKE (Decorative) \$1.50

This is a very beautiful dahlia. The center is full and deep. Color shading from apricot to a delicate shade of pink. A pleasing combination. We feel sure this dahlia should have a great future.

LESLIE CLARKE (Decorative) \$1.50

Very large with deep full center. Color, deep rose pink shading to silvery pink. Colors are hard to describe. This dahlia was first exhibited at a local show this year and won first prize.

ROBIN HOOD (Peony) \$.75

This dahlia's name was suggested by its jaunty appearance. The colors—a bright red and white—seem to throw out a challenge to the whole world. Size medium with petals curled in a very attractive manner. Took first prize when exhibited at a local dahlia show last year for the first time.
